

## “I-DEC” ipod system 100watt Aerobic system

Complete portable aerobics system with everything you need to run an aerobics or spinning class. System comes complete with all necessary cables, simple setup instructions mean you will be up and running in minutes.

The mixer amplifier, radio microphone and “i-DEC” ipod input module are all mounted in a carpet covered carry case with space for all interconnecting cables enclosed. External connections for mains power and speakers are on the rear panel.

Mixer amplifier gives 100w of amplification, features include: 2 microphone inputs with adjustable voiceover control, 3 line inputs.

*Whether you are a fitness instructor, gym owner, or installation professional servicing bars, restaurants, or large stadiums, i-DEC is the ideal rack-mounted solution for iPod music playback.*
