

## Mackie SRM 150

The SRM150 combines Mackie's proven mixer and SRM Active loudspeaker technologies to create a powerful, great-sounding 3-channel PA system that is ultra-compact, versatile and expandable. The Mackie SRM150 Compact Active PA System is ideal for a wide variety of applications ranging from boardroom A/V to live musical performance in coffee houses, piano bars, or rehearsals, just to name a few.

Don't be fooled by the small size. The SRM150 is big on features and sound quality. The built-in three-channel mixer features two combo XLR/line inputs (with true 48V phantom power), a stereo channel for CD/MP3 players, and Mackie's powerful 3-band Active EQ. The SRM150 can even be mounted on a mic stand, making it the ideal personal monitor. Put simply, with its tremendous feature set and 150-watts of world-class sound, the Mackie SRM150 is the perfect solution for any application requiring superior sound quality.

### FEATURES

- Compact, portable performance PA system
- Executive boardrooms
- A/V presentations
- Tradeshow demonstration booths
- Classroom instruction
- Aerobics instructors
- Live music performance monitors
- Personal practice with stereo tracks
- PA system expansion for "Cry" or "Green" rooms
- Recording studio playback to remote rooms
- Anywhere high quality audio is required but space is limited

At the very heart of the SRM150 is a Mackie mixer, with all the versatility and features you've come to expect from the manufacturer of the world's best selling compact mixers. Channels 1 and 2 can be used for mic/line sources, thanks to the handy Neutrik® Combo jack, which accepts either ¼" TRS or XLR connections. True 48V phantom power is supplied, so you can use even the most finicky condenser mics with confidence.

<b>Height</b>	8.0 in/20.3 cm
