All prices exclude VAT & delivery

**Termination/Connector: 3.5mm Jack, 4 pin mini xlr or 4 pin Lemo**

**Trantec HM-33 headworn microphone**

**Total cost from £39.00 ex VAT**

## HM-66 Headworn Microphone

The **HM-66** has been designed primarily with the sports and aerobics industry in mind and is therefore built to withstand the everyday rigours of an active lifestyle. This slim-line Aerobic Headset is available in a choice of the following colours: Black, Blue & Yellow.

A specifically designed hands-free microphone for sports and aerobic instructors, as well as television journalism, event organisers and restaurant applications.

The construction of this headband microphone offers a high degree of protection against the ingress of sweat. An adjustable headband, worn behind the head, secures the microphone, whilst allowing freedom of movement. Precise placement is obtained with the 4mm diameter flexible gooseneck, and the condenser capsule is highly efficient at noise cancellation helping prevent feedback or interference from crowd noise etc.

- MIC/SJ66 with **3.5mm Mini Jack Connector** £109.00
- MIC/X66 with **4 Pin Mini XLR** £119.00
- MIC/TS66 with **4 Pin Lemo Connector** £139.00

All prices exclude VAT & delivery
